

# Andrena

LES ABEILLES SOLITAIRES \*

Château Le Coteau

AOC MARGAUX

A naturalist winemaker, Eric has always had a real passion for native bees.

He strives to preserve their environment to have the pleasure of photographing them in the vineyard.

It is the desire to publicize these little-known species that is at the origin of this collection.

Each vintage has its bee and its feeder plant.  
(2019: Anthophora)

## 2021
